

UPDATED BREAST RECONSTRUCTION CPT CODES

Effective January 1, 2021

Deleted CPT Codes:	
19324	Mammoplasty, augmentation; without prosthetic implant
19366	Breast reconstruction with other technique
Revised CPT Codes:	
11970	Replacement of tissue expander with permanent implant <i>(Previous: Replacement of tissue expander with permanent prosthesis)</i>
19325	Breast augmentation with implant <i>(Previous: Mammoplasty, augmentation; with prosthetic implant)</i>
19328	Removal of intact breast implant <i>(Previous: Removal of intact mammary implant)</i>
19330	Removal of ruptured breast implant, including implant contents (e.g., saline, silicone gel) <i>(Previous: Removal of mammary implant material)</i>
19340	Insertion of breast implant on same day of mastectomy (eg, immediate) <i>(Previous: Immediate insertion of breast prosthesis following mastopexy, mastectomy or in reconstruction)</i>
19342	Insertion or replacement of breast implant on separate day from mastectomy <i>(Previous: Delayed insertion of breast prosthesis following mastopexy, mastectomy or in reconstruction)</i>
19361	Breast reconstruction; with latissimus dorsi flap <i>(Previous: Breast reconstruction with latissimus dorsi flap, without prosthetic implant)</i>
19364	Breast reconstruction; with free flap (e.g., TRAM, DIEP, SIEA, GAP flap) <i>(Previous: Breast reconstruction with free flap)</i>
19367	Breast reconstruction; w/ single-pedicled transverse rectus abdominis myocutaneous (TRAM) flap <i>(Previous: Breast reconstruction with transverse rectus abdominis myocutaneous flap (TRAM), single pedicle, including closure of donor site)</i>
19368	Breast reconstruction; w/single-pedicled transverse rectus abdominis myocutaneous (TRAM) flap, requiring separate microvascular anastomosis (supercharging) <i>(Previous: Breast reconstruction with transverse rectus abdominis myocutaneous flap (TRAM), single pedicle, including closure of donor site; with microvascular anastomosis (supercharging))</i>
19369	Breast reconstruction; with bipedicled transverse rectus abdominis myocutaneous (TRAM) flap <i>(Previous: Breast reconstruction with transverse rectus abdominis myocutaneous flap (TRAM), double pedicle, including closure of donor site)</i>
19370	Revision of peri-implant capsule, breast, including capsulotomy, capsulorrhaphy, and/or partial capsulectomy <i>(Previous: Open periprosthetic capsulotomy, breast)</i>
19371	Peri-implant capsulectomy, breast, complete, including removal of all intracapsular contents <i>(Previous: Periprosthetic capsulectomy, breast)</i>
19380	Revision of reconstructed breast (e.g., significant removal of tissue, re-advancement and/or re-inset of flaps in autologous reconstruction or significant capsular revision combined with soft tissue excision in implant-based reconstruction) <i>(Previous: Revision of reconstructed breast)</i>
